

St Catherine's PS is Eco-Active! We have the silver award and are working towards the Greenest award of all- The Eco-Flag!

We have an Eco team and meet regularly to try to make a difference in our world. Each class has a representative on the team but everyone in the school is part of the plan.

There are regular jobs that the Eco-team are responsible for:

- Emptying the compost caddies in the classes. They are composted daily.
- Monitoring the energy use in classrooms and around the school.
- Litter picking twice a week in the school grounds.
- Meeting up regularly with Mrs Kelly, Mrs Daly, Mrs Wilders , Mr Barr and Mr Duffy to plan and monitor.
- Writing up a column for our weekly Newsletter.

This year our priorities are Transport, Litter and Recycling.
