

Debutots®

Imagination takes you everywhere...

story • drama • play

www.debutots.co.uk

At Debutots we offer interactive storytelling and dramatic play sessions for children aged up to 7 years old. Our fun and exciting classes develop children's language skills and promote their confidence and creativity.

Interactive storytelling is at the heart of our sessions and after each week's story is told, the children's creative responses are facilitated by us into an imaginative group retelling.

Our carefully written stories, with engaging plots and empathetic characters capture young children's imaginations, encouraging the development of important cognitive skills such as thinking, reasoning, problem solving, sequencing and pattern matching, as well as supporting their speech, personal, social and emotional skills.

All topped with lots of fun and adventure, so much so, the children don't even realise how much they are learning and developing!

Here at Debutots we are aware that your little one may not always share with you the fun they had in their Debutots class with us each week and as parents and carers we are always desperate to know more about their day

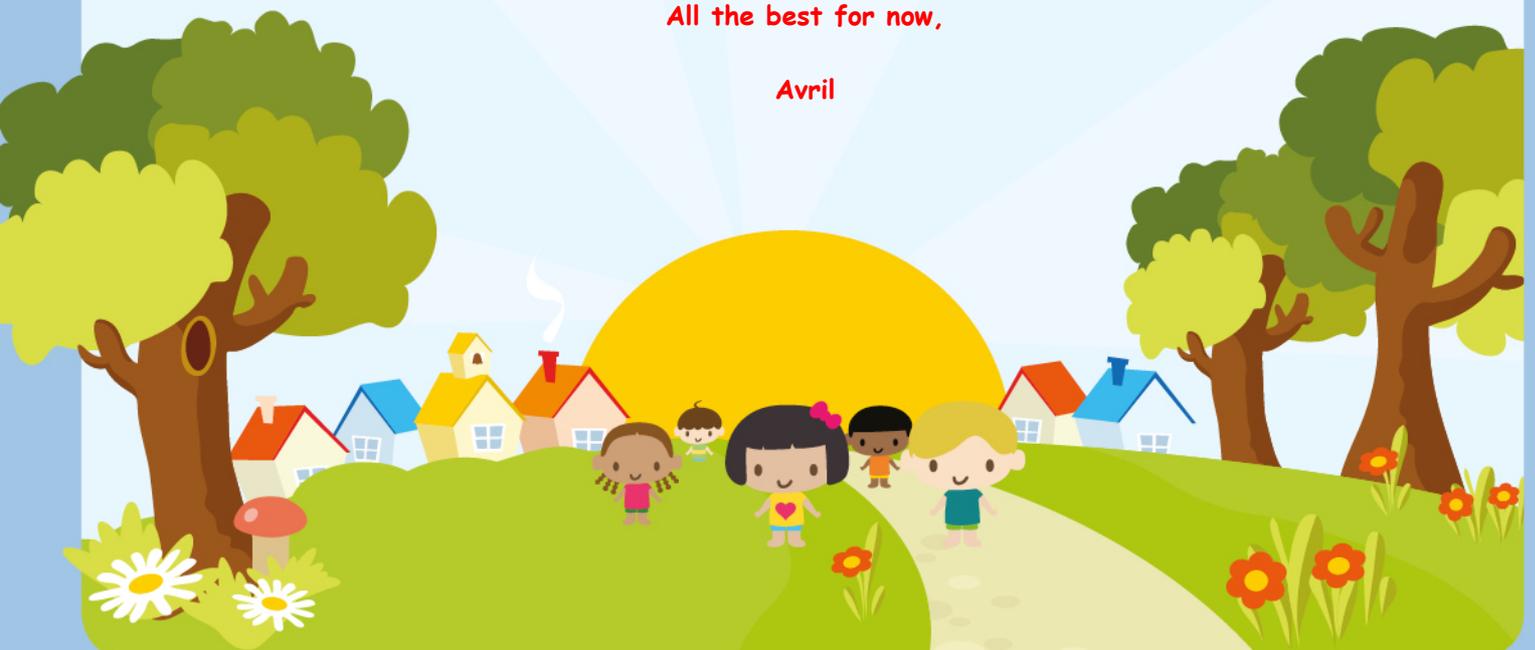

To keep you more up to date we have an exciting contact system. Each week you will receive an email from us giving you information about that week's story and class. Not only that, we will also send a lovely original colouring sheet and a craft activity for you to do with your child, if you wish, as well as some suggested questions to ask your little one about the story they have enjoyed.

Please click on the following link and fill in your details so that we can share all of this with you:
