BREAKING NEWS

Whole School End of Year Mass

Fr. Boland will say a Mass for the intentions of our little pupils, parents, staff, families and friends on Monday 28th June to mark the end of our year at school. As you are aware it has been a challenging year for us all but we have got here! Having a Mass at the end of the year is a first for St. Catherine's and we are very excited. Our Head Boy/ Girl Team and Deputy Head Boy/Girl Team will actively participate in the mass (representing all our pupils). Our little pupils in every class will participate via the webcam. We warmly invite you all also to partake in this mass via the webcam on the link below. We will ask for God's guidance and protection as we go forward and give thanks for all that we have.

We hope that you can join us on this very special day!

Please ensure that we have the correct email address on file for you so that you receive this communication. If you wish to have a written report posted instead, please email your child's teacher to request this.

(Email addresses are listed in this newsletter)

Nursery Graduations

Nursery Graduations will take place this year in school. Due to ongoing DE Covid Guidance we cannot have spectators into school but we do not want our little children to miss out! We realise that this is disappointing for our parents and families so we will share a little film of this very special event with you so that you can see your child receiving their Graduation Scroll at the end of this Nursery Year. Photos of the children in their little graduation gowns will also be available to purchase if you wish to. We hope that you understand and can support us in this matter. Each class will have their own little Graduation Party with their classmates and staff after the ceremony in school!

Mrs Mc Corkell's Class: Thursday 10th June

Health and Safety Notice:

Outdoor Play Area Near Year 1 B and Year 2 A Classrooms

There is an outdoor playtrail near the entrance to Year 1 B and Year 2 A classrooms. This is for use by pupils during outdoor play in school when supervised by school staff; for safety reasons. We respectfully request that parents/ carers who are collecting pupils in the afternoon do not permit children to use this equipment as there are no staff available at this time to supervise. Thanks for your understanding.

Uniform Recycling

We recycle items of our school uniform all year round especially school jumpers and kilts but we welcome all donations. Due to Covid 19 we know that people have been wary of donating but if anyone has any pieces of uniform that you feel are now too small for your child and would benefit another child then please feel free to donate. You can ring the school to arrange a drop off to our recycling banks. Many thanks for all your generosity to date.

PATHS Quote of the Month June

Listening is one of the loudest forms of kindness. Listen and silent are spelt with the same letters, think about that. Being a good listener means being able to be quiet and taking time to understand what the other person is saying. When you really listen to someone you can help them; especially if they have a problem, if they are worried or sad. Sometimes a good listener is all they need to feel better.

Quarry Safety Campaign

“Stay Safe Stay Out”

We are appealing to you to help us pass on this important message to young people in your care - “STAY SAFE... STAY OUT” - so that they heed this warning that quarries (working or disused) are not fun places and that by trespassing they place both their own and their friends lives at risk. Fencing and warning signs are there to protect them, please do not ignore them.

The potential hazards that people expose themselves to are:

- Swimming in quarry lakes that can have very cold water even on a hot day in the middle of summer. Strong swimmers have drowned in quarries due to the unexpected impact that the extreme cold has had on their bodies.
- The water in quarry lakes can be very deep and shelving, exit from the water may only be possible in a few places, there may be pumps working or currents that can drag you under the water.
- There can be concealed underwater obstructions and other hazards that can seriously injure swimmers or individuals jumping into the water – tombstoning into quarry lakes is not safe.
- Tunnelling into piles of sand or playing on stockpiles exposes you to the risk of sudden collapses or movements that can easily bury you.
- Walking near the edge of quarry faces exposes you to the risk of serious falls as the edges can be unstable and collapse unexpectedly or sheer faces be obstructed by vegetation.
- Climbing or walking near rock faces can expose you to the risk of rock falls.
- Surfaces in quarries that may look solid, such as the surface of a silt pond, can suddenly break and act like quick sand sucking you down.
- Trail and quad biking in a quarry expose riders to risks from unstable terrain, unexpected obstructions and being hit by moving plant.
- Young people on bikes or on foot may not be visible to operators of large machinery, they may not appreciate that the driver cannot see them.
- Quarries can often be located in remote sites where mobile reception is poor and there is no one on hand to help in the event of an accident
