

*27th August 2021*

*Dear Parent*

*The Strabane Primary Principal group have met a few times over the summer holidays to discuss the ongoing pandemic and more recently DE guidance on return to school. In the interests of protecting all pupils and staff during the pandemic and the heightened Covid cases in the area we have decided to take a cautious and measured approach to the return to school. Therefore, a lot of procedures that were in place in the last school year still remain with some slight changes which will be outlined in detail in a letter from your own school.*

*Yours Sincerely*

*The Strabane Primary Principals*
